113	Sep 20, 2024	** TEXT ONLY ORDER ** Plaintiffs and non-party subpoena recipient UnitedHealth Group have filed a joint motion to stay briefing on plaintiffs' pending motion to compel. Dkt. 112 . These parties report that "they have now reached an agreement on productions that should avoid the need for judicial intervention or resolution" of the motion to compel. Yet, the parties ask that the court hold the motion to compel open until September 30, which is when UnitedHealth Group has committed to producing certain data. With an agreement now in place, the court sees no active discovery dispute, so the court will DENY the motion to compel, Dkt. 89 , without prejudice. The court expects UnitedHealth Group to uphold its end of the agreement. If it fails, plaintiffs may renew their motion to compel, and the court will set a new briefing schedule then. With the motion to compel resolved, the joint motion to stay, Dkt. 112 , is DENIED as moot. The parties bear their own costs on these motions. Signed by Magistrate Judge Anita Marie Boor on 9/20/2024. (voc) (Entered: 09/20/2024)

120	Oct 16, 2024	Motion to Seal Document 117 Brief in Support by Defendants Aspirus Network, Inc., Aspirus, Inc.. (Fee, R. Brendan) (Entered: 10/16/2024)
121	Oct 17, 2024	** TEXT ONLY ORDER ** Defendants have filed a motion to seal excerpts of their brief in support of their motion to compel. Dkt. 120 . Defendants say the excerpts contain material that was designated "Highly Confidential--Outside Attorneys' Eyes Only" under the amended protective order previously entered in this case. See Dkt. 60 . While defendants apparently disagree with this designation, they cite it as the basis for their motion to seal. But defendants need not file a separate motion to seal with the amended protective order in force. That order authorizes parties to file material under seal so long as it is designated pursuant to the order. Id. at 18. Administrative Order No. 337 confirms this point, as it authorizes parties to file material under seal when there is either a protective order previously entered or a motion to seal contemporaneously filed. Defendants concede the material at-issue was designated under a previously entered protective order, so their motion to seal is unnecessary. For this reason, the motion is DENIED. For the avoidance of doubt: The material is under seal and will remain under seal pursuant to the amended protective order. Signed by Magistrate Judge Anita Marie Boor on 10/17/2024. 130	Oct 28, 2024	** TEXT ONLY ORDER ** Plaintiffs and defendants have filed separate letters with the court, Dkt. 126 and Dkt. 129 , requesting the court resolve certain lingering discovery disputes with nonparties Marshfield Clinic Health System (MCHS) and Security Health Plan (SHP). Those requests are GRANTED insofar as the court will hold a telephonic hearing to adjudicate the disputes. It is ORDERED: The parties must convey this order to counsel for MCHS and SHP, confer with them, and select one of the following dates and times during which counsel for the parties and nonparties can attend and participate in a hearing: November 6 at 10:00 AM or 2:00 PM, November 7 at 10:00 AM, or November 8 at 10:00 AM or 2:00 PM. The parties must file a letter reporting the selected date and time by October 30, 2024. Counsel for MCHS and SHP must file a notice of limited appearance by October 31, 2024. At the hearing, counsel for MCHS and SHP must be prepared to discuss the disputed claim data--the form and size of the data, how and where the data are stored, and the work associated with exporting the data. Counsel for both plaintiffs and defendants must be prepared to discuss how and where they would store the exported data and cost-sharing measures they are able to undertake, including the hiring of a joint computer forensic expert to export and store the data. Signed by Magistrate Judge Anita Marie Boor on 10/28/2024. (voc) (Entered: 10/28/2024)

140	Nov 8, 2024	** TEXT ONLY ORDER ** The court held a hearing on the parties' ongoing disputes with nonparties Marshfield Clinic Health System (MCHS) and Security Health Plan (SHP). Dkt. 126 and Dkt. 129 . First, the court addressed the parties' request for claims data. For the reasons explained on the record, the parties' request for claims data is GRANTED as relevant and proportional to the class certification question. But in light of SHP's burden concerns, the parties are to meet and confer and craft a narrowed claims data request and related set of specifications that allows the necessary data to be pulled once for both parties. This streamlined request is due to SHP no later than November 14, 2024, and SHP must complete production of the data no later than December 13, 2024. Second, the court addressed defendants' request for payor and provider contracts and GRANTED that request in part for the reasons stated at the

		hearing. MCHS and SHP must produce the information in the contract files of the ten entities identified by defendants no later than November 27, 2024, but with the pricing redacted in any currently operative contracts. Finally, SHP requests attorneys' fees associated with the filing of the parties' joint letters and the hearing, as well as compensation for the costs associated with complying with the court's orders. There was insufficient information for the court to rule on the request. The parties are ORDERED to meet and confer regarding cost sharing to defray SHP's production costs for complying with this order. After production is made, if there remains any dispute regarding costs, SHP may file a motion. Signed by Magistrate Judge Anita Marie Boor on 11/8/2024. (voc) (Entered: 11/08/2024)

156	Jan 30, 2025	** TEXT ONLY ORDER ** The court held a telephonic hearing at the request of the parties to resolve an active dispute concerning the deposition of third-party Bone & Joint. Plaintiffs were represented by Attorney Amanda Vaughn, defendants were represented by Attorney Zachary Johns, and Bone & Joint was represented by Attorney Patrick Harvey. The dispute arose because plaintiffs and defendants wished to use material designated under the protective order during the deposition, and the parties may only do so if the corporate representative agrees to be bound by the terms of that protective order, but the corporate representative would not voluntarily sign the protective order undertaking. Plaintiffs, in particular, requested that the court order the representative to agree to be bound by the terms or, alternatively, to amend the protective order. For the reasons discussed during the hearing, the court DENIED these requests. Bone & Joint is a third party compelled to participate in this litigation, so it does not have the same obligations as the parties and enjoys extra protections from unduly burdensome discovery. The court was presented with no authority that would allow it to compel Bone & Joint to enter into a non-disclosure agreement to smooth discovery in this case. Moreover, the materials the parties described wanting to use during the deposition did not appear fundamental to the case, and the parties can take the discovery they seek without relying on designated materials. 231	Dec 29, 2025	Motion for Leave to File Supplemental Expert Report by Plaintiffs Heartland Farms, Inc., Team Schierl Companies. (Crooks, James) (Entered: 12/29/2025)
232	Dec 30, 2025	** TEXT ONLY ORDER ** This court recently denied plaintiffs' motion for class certification after excluding the antitrust damages model proposed by plaintiffs' econometrics expert Jeffrey Leitzinger. Dkt. 230 . Plaintiffs now move for leave to file a supplemental expert report, contending that the deficiencies the court identified in the model are fixable. Dkt. 231 . Plaintiffs' motion will be denied. The Federal Rules of Civil Procedure do "not authorize an expert to forage around for further support for his opinions" after the court has excluded them. See <i>Thoroughman v. Wisconsin Cent., Ltd.</i> , No. 15-cv-74-jdp, 2020 WL 6781729, at *1 (W.D. Wis. Nov. 3, 2020). Nor is the court persuaded that Leitzinger could not have addressed the deficiencies in his model earlier. The court excluded the model largely because of inconsistencies in Leitzinger's own explanation of his model in his initial report compared with his rebuttal report, so its implausible that Leitzinger didn't know about these problems when he wrote the rebuttal report. Signed by District Judge James D. Peterson on 12/30/2025. (voc) (Entered: 12/30/2025)

235	Jan 6, 2026	Court of Appeal Case 26-8001 re 233 Notice of Petition for Permission to Appeal. (voc) (Entered: 01/06/2026)
236	Jan 8, 2026	** TEXT ONLY ORDER ** Plaintiffs have filed a petition in the Seventh Circuit for interlocutory appeal of the court's class certification and Daubert ruling. Dkt. 235 . In a joint status report, both parties requested that the court stay the case pending the Seventh Circuit's ruling on the petition. Dkt. 234 . The court agrees that that is the most efficient way to proceed, so that motion is GRANTED and this case is STAYED. The stay renders the current schedule untenable, so the trial date and all other deadlines are STRUCK. The parties should file another status report within seven days of the Seventh Circuit's ruling on the petition for interlocutory appeal, at which point the court will decide how to proceed. Signed by District Judge James D. Peterson on 1/8/2026. (voc) (Entered: 01/08/2026)

238	Jan 21, 2026	Unopposed Motion for Extension of Time for Status Report by Plaintiffs Heartland Farms, Inc., Team Schierl Companies. (Burns, Timothy) (Entered: 01/21/2026)
239	Jan 22, 2026	** TEXT ONLY ORDER ** The court stayed this case pending the outcome of plaintiffs' petition for interlocutory appeal. Dkt. 236. That petition has been denied, Dkt. 237 , so the stay is LIFTED. In light of the very short length of the stay, the court proposes that the schedule be reset using the most recent trial date, see Dkt. 175, as that still works for the court and, absent some recent developments, should still work for the parties. Also, because the court has simplified the case by denying class certification, the interim deadlines can be reset with slightly later dates and slightly shorter briefing schedules. The court is prepared to enter the following schedule absent well-founded objections from the parties: Dispositive motions due February 25, with a 28 / 14-day briefing schedule. Discovery cut-off on July 10, and settlement letters due July 17. All pretrial filings due July 24, with responses due 14 days later. First final pretrial conference on August 26 at 2:30 p.m., and second final pretrial conference on September 2 at 2:30 p.m. This schedule adheres to the court's typical spacing between dispositive motions and trial, which means there is very little wiggle room for extensions. Because the court of appeals issued its order on January 16, the parties' status report to this court is due January 23. See Dkt. 236. Plaintiffs have requested an extension, Dkt. 238 , which the court will GRANT to allow the parties some additional time to address this order. The parties are ORDERED to submit a joint status report by January 30 and to address this proposed schedule in their report. Signed by Magistrate Judge Anita Marie Boor on 1/22/2026. (voc) (Entered: 01/22/2026)
